Subject [**Modification concerning the belt on evacuation tumble dryers.**]

We would like to inform you that we have introduce on to production of evacuation tumble dryers a new elastic belt code number 416001600 (item on exploded view A290) from week 14/96 (1st April 96) on all models of evacuation tumble dryers:

For information, we can use the new elastic belt also on the old models out of production removing the items that you can see on picture 1:

***** these parts together with the old belt must be removed if you use the new belt on the old products. We would like also to specify that the old items to fix the old belt will be always available like spare parts.

MOUNTING OPERATION OF THE NEW ELASTIC BELT ON EVACUATION TUMBLE DRYERS.

SPECIAL TOOL MADE BY ANTONIO MERLONI
CODE NUMBER **268014600** FOR MOUNTING THE
NEW ELASTIC BELT.

Yours faithfully,
Giuseppe Scesi
